◎ We, Nanotec-Systems announce the
Phono Cable with [PC-Triple C] Conductors
named [PH-3RR1.2] in 2018, September.
Of course, our Gold & Silver dispersed
Colloidal Liquid was soaked on the New
[PC-Triple C] Conductors.

By this Combination, faint or vivid signals
can be transfered from the output of the
Tone Arm to the input of the Phono EQ or
Step-Up Transformers.

Our Long Experience of the Audio Equipment
Design could make the Sound, so nice!!
